2. View Sake Information

```
What sake would you like to know about? (Press ↑/↓ arrow to move and Enter to select)
▶ Dewazakura Sparkling Sake
  Amanoto Junmai Ginjo
  Houraisen bi Junmai Daiginjo
```

- Allows the user to choose which sake they would like to know about by pressing the up and down arrow key

```
What sake would you like to know about? Houraisen bi Junmai Daiginjo
 Description: Bi is one of Houraisen's flagship sake's. It is a very elegant style of Junmai Daiginjo. It is tank matured for 10 months
 at 10 degrees in order to have a rounder and more mellow character. It has a nose that indicates sweet fruits. The palate shows a good
 balance between the gentle acidity and the sweet fruit flavours.
```

- Displays the information about the sake

3. Order

What would you like to order?
What sake would you like to order? (Press ↑/↓ arrow to move and Enter to select)
▶ Dewazakura Sparkling Sake
  Amanoto Junmai Ginjo
  Houraisen bi Junmai Daiginjo

- Will add a method that allows user input to order quantity

Ruby Gems Used

- tty-prompt - to create a menu that allows user to select the available options

- tty-table - used to create a sake menu for the user to view

- Colorize - used to improve the aesthetic of the terminal

- ascii - used for the artwork

Classes used and file structure

Challenges & favourite parts

- Efficiently using classes and objects

- DRY - trying not to repeat the written code and trying to optimise code used

- Time

Favourite parts

- Learning more about objects/classes and the satisfaction of getting it to work

- Ruby gems

Thank you
